

Session Eight

Take A Step

Making It a Lifestyle

Andy Moyle

Continuing the Journey

Thank you for joining us for the 8 week Take a Step initiative.

We started with our identity in Christ – everything comes from knowing we are dearly loved children of God and ambassadors for Christ.

We made people maps – the 6-8 people we would love to see come to Christ, we learnt about smiling and greeting people, offering prayer early, how to formulate our testimony in 6 words and presenting the good news using a pen and paper. Lastly, we learnt the importance of discipling.

This session, the challenge is to make this a lifestyle.

Take A Step

When you meet with God in the morning, ask Him to give you opportunities through your daily life and interactions. Ask for divine appointments.

Pray for an **open heaven** over the people you encounter and for **open hearts**. Then pray for an **open mouth**, for courage to speak up.

We have taken some baby steps and the more you toddle, but the better you get!

(continued)

If you want to learn more about the adventure of sharing your faith, then we highly recommend these resources and courses.

School of Supernatural Life

Hope Church Wymondham run a school of supernatural life for those interested in walking in healing and spiritual gifts outside of church meetings.
